# **Communication Techniques**

What opportunities are available in Rotary to help you improve your communication skills?

| What makes a good speech?                                     |
|---|
| How do you prepare when presenting?                           |
| What are the important elements in introducing a speaker or a |
| dignitary?  |
| Γ   |
| I   |
| S   |

#### **NOTES:**

#### • 10 Tips for Public Speaking

- Know your material. Pick a topic you're interested in. Know more about it than you include in your speech. Use humor, personal stories and conversational language – that way you won't easily forget what to say.
- Practice. Practice. Practice. Rehearse out loud with all equipment you plan on using. Revise as necessary. Work to control filler words; practice, pause, and breathe. Practice with a timer and allow time for the unexpected.
- Know the audience. Greet some of the audience members as they arrive. It's easier to speak to a group of friends than to strangers
- o Know the room. Arrive early, walk around the speaking area and practice using the microphone and any visual aids.
- Relax. Begin by addressing the audience. It buys you time and calms your nerves. Pause, smile, and count to three before saying anything. Transform nervous energy into enthusiasm.
- <u>Visualize yourself giving your speech.</u> Imagine yourself speaking, your voice loud, clear and confident. Visualize the audience clapping – it will boost your confidence.
- Realize that people want you to succeed. Audiences want you to be interesting, stimulating, informative and entertaining. They're rooting for you.
- <u>Don't apologize for any nervousness or problem.</u> The audience probably never noticed it.
- Concentrate on the message not the medium. Focus your attention away from your own anxieties and concentrate on your message and your audience.
- Gain experience. Mainly, your speech should represent you as an authority and as a person. Experience builds confidence, which is the key to effective speaking.

|--|
| Which social media can be used to your club's advantage?                               |
| What social media does Rotary International use?                                       |
| 10 Basic Principles that Guide Participation in Social Media:                          |
| <ul> <li>do listen – determine if and how toengage</li> <li>do be authentic</li> </ul> |
| o do be authentic  |
| o do be gracious   |
| o do disclose  |

o don't share confidential info about anyone

o don't misrepresent yourself or your company

o don't reveal personal info about others

o don't criticize company, clients, colleagues, partners or competitors

#### **Summary**

- Opportunities or occasions to use communication techniques abound in your Rotary Club environment, whether you are the Club President or a member.
- Preparation is a key element for successful communication.
- Knowledge of your subject and your audience are also critical.
- Social media is a communication vehicle that should be explored for its best use in Rotary Clubs.

# **Steps in Developing a Service Project**

| 1. | Identify need   |
|----|---|
| 2. | Determine feasibility   |
| 3. | What are the available funds?                                       |
| 4. | Who are the stakeholders in the project? Whose support do you need? |
| 5. | Develop the plan  |
| 6. | Identify resources  |

#### **Developing a Service Project**

#### Team A

visited the Mayor who said that recreational facilities and activities are needed for teenagers. Unfortunately, the town budget cannot pay for a youth center, etc.

The Mayor did say that the town had a vacant lot that could be donated or used for some purpose. They also had a vacant two-room school that was not in very good condition.

#### **Developing a Service Project**

#### Team B

talked to the head of the welfare department who spoke of an elderly couple in town who seemed to be locked into their home because they couldn't navigate the front steps.

They also had trouble climbing the stairs to their bedroom and often ended up sleeping on a couch or the floor. She asked if Rotary could help in any way.

#### **Developing a Service Project**

#### Team C

talked with a school principal at an elementary school in town and some teachers and guidance counselors. Unfortunately, there were a lot of problems - some third graders who couldn't read at all, many kids without fathers, kids who couldn't afford a change of uniforms the school required, kids who come to school without breakfast and many other problems of poverty.

Can or should Rotary do anything with this school?

# **Principles of a Service Project**

- "Hands on" involves club members (develops ownership)
- Make Rotary the prime "mover" of the project (vs. contributing to another organization)
- Deliver to community what it needs (not what we think it needs)
